

## Things to think about before meeting with your Design Team

### Renovations

Take a few minutes before you meet with your Design Team and think about the following:

1. What is the purpose of your renovation?

---

---

---

---

---

2. Write down a detailed list of the challenges you face in your house (don't worry there is more space provided at the end of this form).

---

---

---

---

---

3. List the changes you would like to make in your house.

---

---

---

---

---

4. List your priorities. Number one is the one major thing you **cannot** do without. Work your way up to ten, which is the one thing you **can** do without if you need to; with the varying degrees in between.
